Feeding Directions

Provide Redmond Sheep Mineral free choice.

If you prefer feed mixing, add 1/4 oz (2 tsp) per sheep per day, or follow the guidelines from your vet or nutritionist.

For best results, pair Redmond Sheep Mineral with Redmond Conditioner.

Offer your sheep 0.5 - 1 ounce per head daily ration of Redmond Conditioner.

Always ensure that your sheep have plenty of fresh water.

sheep + goats

.25 oz (2 tsp) per head per day or free choice
